

MEDICAL EDUCATION READINESS PROGRAM

Know Before You Go Fact Sheet

MERP does not confer degrees or offer transferable credits.

What Will I Learn and Experience in My Studies?

This is a 15-week program that provides courses in Medical Anatomy/Histology, Medical Biochemistry/Molecular Biology, Medical Microbiology/Immunology and Medical Physiology/Biophysics/Academic Skills. These courses offer similar instruction to those taught in early semesters of a medical school curriculum.

During the course of the program, formal assessments are administered to evaluate students' progress at MERP. In addition, three exams, with USMLE-style multiple-choice questions, account for the majority of the final grade.

What Services Will I Receive?

Services available to all students include:

- One-on-one advising, study skill instruction, and team-based learning through our Academic Success Program
- Frequent assessments to gauge progress and identify potential obstacles
- Integrated clinical cases, discussed in instructor-led small-group settings
- Individualized attention for students experiencing challenges in absorbing course content

Program Outcomes

The percentage of students attempting the prep program in fiscal year 2016-17 who successfully completed it is 65%.

- Full payment at time of enrollment
- Private loan through bank
- Installment payment plan

Students who do not successfully complete the program receive a refund of the full program fee. The refund is limited to program fees only and does not reimburse the costs of health insurance, housing, travel or living expenses incurred.
